

The Town

-Well, I'll put it on the agenda. We got turds floating in the public swimming pool from all the rain and sewer backups. That'll take most of the time. What do you call...?

-MOTION TO RENAME THE POLITICAL PARTIES

-Uh huh. Well, usually rather stick with the local, but all kinds of stuff has come into council meetings from just about everywhere. Uh, what are your suggested....?

-Republicans'll become The Fascist Party.

-And Democrats?

-The Cowards! When America called they trembled.

-Hell of a choice, given your scenario. You gonna say these things in debate?

-Bet your ass!

-You know...after all's said and done I wouldn't live anywhere else!
If the turds don't rise up to Council Chamber, we'll have rip-snorting time!
